Brake Fluid Replacement Record

Brake Fluid Replacement Record	25
--------------------------------------	----

Dealer Service

There are nearly 800 authorized Volkswagen dealers in North America. They have Volkswagen trained technicians, proper workshop equipment and parts to give you expert service.

Volkswagen dealers are committed to quality service.

- Your authorized Volkswagen dealer offers many services for your convenience, such as extended service hours, early bird service, body repairs, to name just a few. Ask about them.
- Arrange your service with your dealer when it is convenient for you.
- Ask your Service Advisor about the service you need and discuss the cost involved.
- Leave word where you can be reached during the day and when you would like to pick your car up.
- Keep all receipts of maintenance and repairs performed. Your service record is important when making use of your warranty.
- Maintenance services performed by your authorized dealer at the intervals specified, will also be documented in this booklet.
- Automobile technology changes continuously. Your authorized Volkswagen dealer always has the most current Service and Maintenance information for your Volkswagen model. It is possible that this information may differ from the check points listed in this booklet. Your Volkswagen Service Advisor can answer any questions you may have.

Do-It-Yourself Service

Your Owner's Manual contains many helpful hints on what you can service yourself.

- You can check tires for wear or damage and correct tire pressure, including the spare.
- You can check the windshield washer container.
- You can check your car's interior and exterior lighting system for correct functioning.
- You can check the engine oil level with every fuel filling.
- You can perform these simple checks once a week.
They save time, trouble and expense later.

**Your technician will not check the above mentioned items in each case
during regular service and maintenance visits.**

SERVICE INFORMATION

Emission Control Maintenance

- 1 - A clean environment is of concern to all of us. Volkswagen has built into your vehicle an efficient emission control system, using genuine Volkswagen parts, in conformance with the Federal Clean Air Act in the United States and Canadian Emission Standards, respectively. To help keep our air clean, you can do your part by providing regular maintenance for the emission control system in your vehicle.
- 2 - **Maintenance, repair or replacement of emission control components may be performed by any qualified automotive service and repair establishment or individual without affecting the Emission Control System Warranty, provided that such repairs are performed to manufacturer's specifications, and that replacement parts are at least equivalent to genuine Volkswagen parts in emission performance and durability. Warranty repairs and replacements, however, must be performed by an authorized Volkswagen dealer.**
- 3 - If other than genuine Volkswagen replacement parts are used, the owner should make sure that such parts are warranted by their manufacturer and that they are at least equivalent to genuine Volkswagen replacement parts in emission performance and durability.

To be certain that the emission control system functions as designed, regular maintenance is necessary for all components of the vehicle which influence exhaust emissions.

Why Service?

- An untuned engine wastes fuel.
- An un-serviced emission control system can increase pollution.
- A minor adjustment now may prevent a repair later.
- Follow the recommended maintenance schedule and make in-between checks. This way you help keep your car dependable and safe.
- The intervals shown in the table on the following pages are based on vehicles operating under normal conditions. In the case of severe conditions, such as extremely low temperatures, excessive dust etc., it is necessary for certain operations to be carried out in between the given intervals. This applies particularly to engine oil changes and the cleaning or replacing of the air cleaner filter element.
- If you have questions about how to maintain your vehicle or about your Maintenance Services, ask your authorized Volkswagen dealer.

Authorized VOLKSWAGEN dealers are ready to serve you and are committed to quality service and customer care.

WHEN DO I BRING MY CAR IN FOR SERVICE?

If your vehicle has one of these engines, then this is your Service Interval Schedule.

- 1.8L Turbo Gasoline Engine (Golf, Jetta, New Beetle, Passat)
- 2.8L V6 Gasoline Engine (Passat),

If you are not sure when to bring your car in for service, ask your authorized Volkswagen Service Advisor.

5,000 miles (8,000 km)	Oil Change Service
10,000 miles (16,000 km)	Oil Change & Maintenance Service
15,000 miles (24,000 km)	Oil Change Service
20,000 miles (32,000 km)	Oil Change & Maintenance Service
25,000 miles (40,000 km)	Oil Change Service
30,000 miles (48,000 km)	Oil Change & Maintenance Service
35,000 miles (56,000 km)	Oil Change Service
40,000 miles (64,000 km)	Oil Change & Maintenance Service
45,000 miles (72,000 km)	Oil Change Service
50,000 miles (80,000 km)	Oil Change & Maintenance Service
55,000 miles (88,000 km)	Oil Change Service
60,000 miles (96,000 km)	Oil Change & Maintenance Service

Services should be performed at the scheduled mileage (kilometre) intervals, or 12 months after the last Service, whichever occurs first.

Your Service advisor will fill in the necessary information and stamp your Maintenance booklet each time you bring in your vehicle for Service.

At this time, the Service advisor will also inform you when the next Service is due. Therefore, it is important that you follow the Service schedule.

The brake fluid must be replaced every 2 years regardless of mileage (kilometres).

WHEN DO I BRING MY CAR IN FOR SERVICE?

If your vehicle has one of these engines, then this is your **Service Interval Schedule**.

- 2.0 L Gasoline Engine (Golf, Jetta, New Beetle, Passat)
- 2.8L VR6 Gasoline Engine (Golf, Jetta)
- VR6 4-valve Gasoline Engine (Jetta)
- 4.0L V8 Gasoline Engine (Passat)
- 1.9L TDI Diesel Engine (Golf, Jetta, New Beetle),
- 3.2L VR6 or 4.2L V8 Gasoline Engine (Touareg)

If you are not sure when to bring your car in for service, ask your authorized Volkswagen Service Advisor.

5,000 miles (8,000 km)	Oil Change Service
10,000 miles (16,000 km)	Oil Change & Maintenance Service
20,000 miles (32,000 km)	Oil Change & Maintenance Service
30,000 miles (48,000 km)	Oil Change & Maintenance Service
40,000 miles (64,000 km)	Oil Change & Maintenance Service
50,000 miles (80,000 km)	Oil Change & Maintenance Service
60,000 miles (96,000 km)	Oil Change & Maintenance Service
70,000 miles (112,000 km)	Oil Change & Maintenance Service
80,000 miles (128,000 km)	Oil Change & Maintenance Service

Services should be performed at the scheduled mileage (kilometre) intervals, or 12 months after the last Service, whichever occurs first.

Your Service Advisor will fill in the necessary information and stamp your Maintenance booklet each time you bring in your vehicle for Service.

At this time, the Service Advisor will also inform you when the next Service is due. Therefore, it is important that you follow the Service schedule.

The brake fluid must be replaced every 2 years regardless of mileage (kilometres).

SERVICE SCHEDULE

Delivery Inspection

- Your authorized Volkswagen dealer will fill out the necessary information and stamp your Maintenance book to confirm that the necessary services have been performed.
- Automobile technology changes continuously. Your authorized Volkswagen dealer always has the most current Service and Maintenance information for your Volkswagen model. It is possible that this information may differ from the check points listed in this booklet. Your Volkswagen Service Advisor can answer any questions you may have.
- If you are not sure when to bring your car in for service, ask your authorized Volkswagen Service Advisor.
